#### 12. WINNER DETERMINATION METHOD

All major and specialist prize draws will take place at 10am, 2 October 2025.

All winners will be drawn in the following way:

- A list will be generated of all those eligible for the selected prize.
- A total number of potential winners will be determined.
- An online Random Number Generator will be used to determine the winner from the list generated.

- This will be overseen by 2 members of RTRFM staff as well as the person conducting the list generation and random number generation.
- FOR MAJOR PRIZES:
  - A total number of 10 people will be selected in the manner described above.
  - They will be contacted in order of their selection and offered a choice of their prize as listed on the Major Prize section on the Radiothon 2025 page on [rtrfm.com.au](http://rtrfm.com.au).
  - They will be given a maximum time of 24 hours to select a prize. If a prize has not been selected in that time or the person has not returned contact with RTRFM, the next person drawn will be given their choice and a new person will be determined via a random number generation to be added to the Major Prize Winners list.
  - This will continue until all 10 prizes are selected.
- FOR ALL OTHER PRIZES
  - The above process will take place for all other prizes.
  - The chosen winner will be given a maximum 24 hours to make contact with RTRFM to claim their prize.
