

RTRFM Policy 004

Programming and Presenting

Policy Statement - Giveaways

Giveaways can be scheduled on-air, in eDMs such as Off Your Dial & RTRFM's Subscriber News, and on Instagram, subject to availability and at RTRFM's discretion.

Giveaways on all programs must be scheduled through one of the Sponsorship Managers or Subscriber Managers.

At least two weeks' notice is required for the organisation of giveaways to allow adequate time to schedule, promote and allocate prizes.

The Station reserves the right of placement of the giveaways.

Once giveaways are scheduled, all prizes must arrive at the Station no later than previously specified by the Sponsorship Manager.

Under no circumstances can unscheduled prizes be given away on any RTRFM platform. This particularly applies to last minute interviews whereby artists/interviewees allocate presenters with last minute tickets to productions.

Giveaways can only be received by current subscribers or listeners willing to become a subscriber.

Giveaways cannot be received by RTRFM members, general listeners or subscribers who have won a giveaway in the last 30 days, except where specified. Please note fundraising raffles that require the purchase of an entry ticket do not fall within the remit of this Policy Statement.

Sponsorship Managers or the Subscriber Manager will collect giveaway information after the competition has ended during office hours, contact non-subscribers or multiple winners, and will distribute prizes to the winners accordingly.

Prizes cannot be won on behalf of another subscriber, including family and pets. Tickets are non-transferable.

The Station reserves the right to decline any giveaways, particularly where the above mentioned procedures are not followed or the nature of the giveaway is not in line with the

station's ethical standards, to be determined by the Station Manager with their absolute discretion.

Terms and Conditions provided by the Prize donor or RTRFM must be adhered to.

This policy statement was approved by the General Manager and RTRFM Board in February 2026.
